

Riverbend University

Examination Regulations — Undergraduate & Postgraduate Programs

1. Purpose and Scope

These regulations govern all semester-end examinations, grading, revaluation, and academic-integrity procedures for undergraduate and postgraduate programs at Riverbend University. They apply to all students registered for a credit-bearing course in a given semester.

2. Eligibility to Sit Examinations

2.1 Attendance Requirement

Students must maintain a minimum of 75% attendance in each registered course to be eligible to sit the end-of-semester examination for that course. Students falling between 65% and 75% may apply for condonation of shortage through their Program Coordinator, subject to a documented medical or personal-emergency reason.

2.2 Fee Clearance

Students with an outstanding fee balance past the due date will have a hold placed on exam registration until the balance is cleared or a payment plan is approved by Student Services.

3. Examination Timetable

The exam timetable for each semester is published on the Student Portal no later than three weeks before the first exam date and is also available on request through the Academic agent, which returns each student's personal exam schedule including subject, date, time, and examination hall.

Students are required to be seated in the examination hall at least 15 minutes before the scheduled start time. Entry is not permitted more than 30 minutes after the exam has started.

4. Grading Scale

Marks (%)	Letter Grade	Grade Point
90 – 100	A+	10
80 – 89	A	9
70 – 79	B+	8
60 – 69	B	7

Marks (%)	Letter Grade	Grade Point
50 – 59	C	6
40 – 49	D	5
Below 40	F	0

The Grade Point Average (GPA) for a semester is the credit-weighted average of grade points across all registered courses. A cumulative GPA (CGPA) below 5.0 at the end of any semester places a student on Academic Probation, which is reviewed by the Program Coordinator.

5. Results and Notifications

Semester results are typically published on the Student Portal within 3 weeks of the last examination in that semester. Students may subscribe to result-alert notifications through the Academic agent, which sends an email as soon as results for a given semester are published.

6. Revaluation and Grievances

Students who wish to have an answer script re-evaluated must submit a revaluation request within 7 calendar days of the result being published, along with the prescribed revaluation fee. Revaluation results are final and may result in the mark moving up, down, or remaining unchanged.

Grade-related grievances not resolved through revaluation may be escalated in writing to the Office of the Controller of Examinations within 15 days of the revaluation outcome.

7. Examination Malpractice

Use of unauthorised material or devices, impersonation, and communication with another candidate during an examination are treated as malpractice. A proven first offence results in cancellation of the result for that course; repeated or serious offences (e.g., impersonation) may result in cancellation of the entire semester's results and referral to the Student Disciplinary Committee.

8. Special Considerations

Students unable to sit an examination due to illness or a documented emergency may apply for a supplementary examination within 5 working days of the missed exam, accompanied by supporting documentation (e.g., a medical certificate). Supplementary exam dates are scheduled by the Controller of Examinations and communicated individually to approved applicants.
